Stainless Glass Adapters - Standoff Kit Polished 316 grade

Description	Item Code	Price (incl GST)
<i>Stainless steel 316 grade</i>		
<i>Surface fix 12mm toughened glass</i>		
<i>38mm Diameter x 30mm spacer</i>	SHS-3830-SO	\$21.50
<i>50mm Diameter x 30mm spacer</i>	SHS-5030-SO	\$24.50
<i>32mm Diameter x 50mm spacer (Satin)</i>	SHS-3250-SO	\$26.50
<i>SS M10 Lag screw included</i>		
<i>More sizes available....Call!</i>		

Stainless Glass Clamps - Mirror Polished or Satin 316 grade

Description	Item Code	Price (incl GST)
<i>Glass clamp 'D' radius 8/10/12mm Mirror</i>	MGC-311	\$13.50
<i>Glass clamp 'D' flat 8/10/12mm Mirror</i>	MGC-310	\$13.50
<i>Glass clamp 'D' flat 8/10/12mm Satin</i>	GC-310	\$13.50
<i>Glass clamp SQ flat 8/10/12mm Mirror</i>	MGC-200	\$16.50
<i>Glass clamp SQ flat 8/10/12mm Satin</i>	GC-200	\$16.50
<i>More models available....Call!</i>		

Stainless Handrail Supports - Through Glass Mount Polished 316 grade

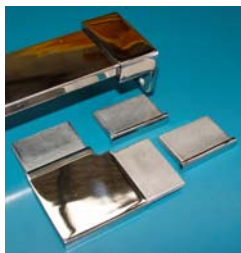

Description	Item Code	Price (incl GST)
<i>Stainless steel 316 grade</i>		
<i>High quality casting flat saddle top</i>	AN-1405000	\$24.50
<i>Radius saddle for 38-50mm tube</i>	AN-1405048	\$24.50
<i>Through glass mount (20mm holes)</i>		
<i>Mirror polished to perfection</i>		

Stainless Handrail Supports - Through Glass Mount Slotted for Rectangle Tube

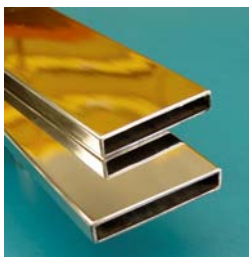

Description	Item Code	Price (incl GST)
<i>Stainless Steel 316 grade</i>		
<i>CNC Machined from Solid Bar</i>		
<i>Slot to Suit 50*10mm Rectangle Tube</i>	SLOT-38-SO	\$19.50
<i>Grub Screw Fixing (no drilling needed)</i>		
<i>Mirror Polished to Perfection</i>		
<i>Standoff Cap 38mm Diameter</i>		

Stainless Rectangle Tube Fittings - Polished 316grade

Description	Item Code	Price (incl GST)
<i>Rectangle 50*10*1.5mm Tube Fittings</i>		
<i>Solid Stainless Flat End Cap</i>	RHS-EC	\$9.50
<i>Solid Stainless 90degree Corner</i>	RHS-CNR	\$19.50
<i>Precision Cast Wall Mount Bracket</i>	RHS-WB	\$22.00
<i>Laser Cut Internal Inline Joiner</i>	RHS-IJ	\$18.00

Stainless Rectangle Welded Tube - Polished 316grade

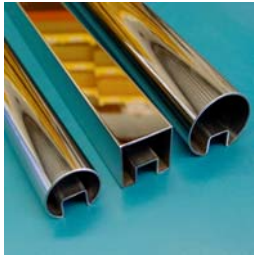

Description	Item Code	Price (incl GST)
<i>Rectangle 50*10*1.5mm Tube</i>		
<i>Highly Polished Mirror Finish</i>		
<i>Heavy Wall Thickness</i>		
<i>Available in 6mtr Mill Lengths</i>		
<i>Cutting & Polish to Size for DIY</i>		
<i>Shipping to all Areas of Australia</i>		
	RHS-5010-316P	\$26.00 (per metre)

DIY Frameless Glass Pool Fence Core Drill Fixing

For great results we recommend:

Ideal average spacing between glass panels should be 40-60mm
SS-Spigot-CD is 240mm length leaving 150mm above concrete level
Core hole to be 65mm diameter to 100mm depth, spigot depth: 90mm
Spigots are clamped to the glass first at 150mm (centres) from panel edges
For ideal spacing under glass panel use 50mm thick temporary packing
Pour non-shrink grout (BOSTIK TECHFLOW-HES) two holes at a time
Glass to glass gate openings should be 850mm or optional 950mm
Pre-drilled Hinge Panels available. See "Toughened Glass Pricelist"
Latch Panels don't require holes using a "Friction-Grip Side-Pull"
Stainless self-closing spring hinges supplied for "Pool Safe" compliance
